

F100 90S TOUR 2021

ROUND TWO

KIMBOLTON KART CIRCUIT
MAY 7/8/9

ITS MAY AND WERE STILL PUSHING BOUNDARIES ALL OVER THE PLACE AS WE VISIT KIMBOLTON FOR THE SECOND LEG OF THE F100 90'S TOUR AT THIS ICONIC IOCC CIRCUIT.

This weekend will see drivers from all over the country come to together in a megawatt of sight, sound, noise and style of F100 90s karts.

We have been riding a wave of positivity over the last 6 months or so with many of you not being able to get out and practice your beloved sport. We are near the end of Coronavirus restrictions now and all being well, the next time we meet at either PFI in June or GYG in July we should all be a lot nearer to what we remember as being normal.

Big pat on the back to you all for helping our club be compliant and safe, enabling us all to go racing.

Kimbolton.... This has been a journey of over two years for us since we first made contact with the lovely little club that is HKRC.

The team here consist of so many great people that, like us, exist on a lot of volunteer help. It really is a labour of love running a Kart Club and our thanks for to Nigel and Daphne, Sarah and Mick and all of the other key personal that can be seen on the rear of this programme. As you can see there have been a monumental upgrades in the paddock areas.

We have really enjoyed working with them to get to this point and through intelligent and logical discussion, we have overcome many obstacles by putting in procedures and practices to assure HKRC we can operate, not only alongside them but with them, to offer a really unique race meeting where old meets new. I really hope that you guys put on a proper show of 90's karts for them and their members, giving them a race meeting to remember us by.

Its still fantastic to see so many new faces in all classes again, you are all very welcome and it'll be great to finally meet you all at the weekend.

In the background, the work that continues with our Regional Association and Department of Culture, Media and Sports has enabled us to put this meeting on for you and again with the assistance of local councils, the local police departments and most importantly, the backing of MSUK. Without the prior authorisation of any the above, we simple wouldn't be racing.

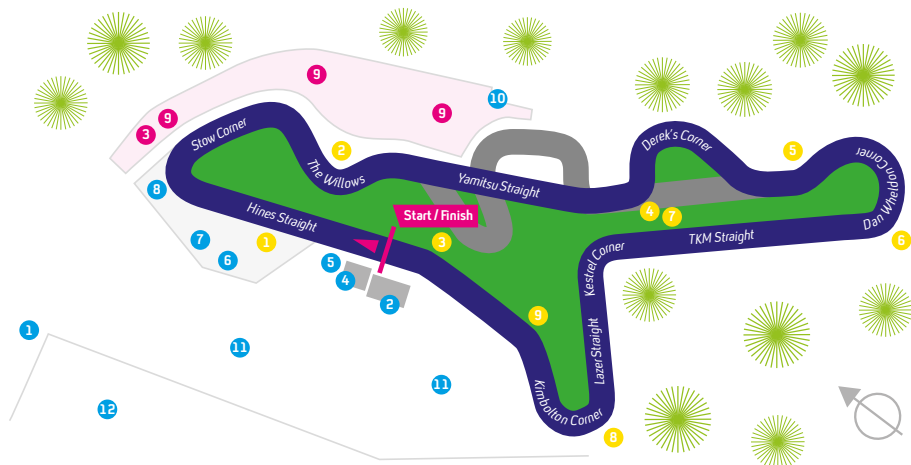

I have to say the Pre 2000 A-Final should be a show stopper. 34 100cc Air Cooled karts with the best qualifying drivers of the weekend al heading into T1 at 22,000 RPM. If you're not in it, then don't miss it... If you are in it, then the driver coming out in front will really deserve to win that final and we just can't wait to see the lights go green.

Yours In Sport
Chris, Jay, Tim
Your F100 Team

FOREWORD

KIMBOLTON CIRCUIT

Located in Cambridgeshire, the renowned Kimbolton circuit, like many others, occupies what used to be the home of the 379th USAF Bomber Squadron during World War Two. It is a very fast track with the majority of the turns being long and flowing. To be fast here, you'll need to be super smooth and consistent.

TRACK DETAILS

KIMBOLTON CIRCUIT

FUEL SPECIFICATION

Fuel must comply with the FIA unleaded fuels legislations - FIA Appendix J / Article 252. All unleaded roadside retail pump fuels normally comply with Article 252

Please use any unleaded roadside retail pump fuel. Fuel tests will be carried out for fuel doping at the circuit and we reserved the right to seal fuel samples for additional testing off site.

We strongly recommend that you use Esso Supreme Unleaded from any South of England retail fuel station as this product is

most likely to contain the least amount of Ethanol according to Esso UK's website.

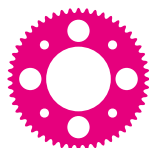

Fuel Washing to remove Ethanol is acceptable but should only be performed if you are extremely risk averse in the process and ensure proper control measures are deployed to avoid the risk of fire.

If in doubt, ask F100.
