

F100 90S TOUR 2021

ROUND THREE

GYG KART CIRCUIT
JULY 17/18

WELCOME ALL TO ROUND 3 OF THE F100 BRITISH TOUR, AT THE GLAN Y GORS CIRCUIT IN THE HEART OF THE STUNNING SNOWDONIA NATIONAL PARK, NORTH WALES.

The weather this weekend is sunny and very hot, so please make sure you drink plenty and keep the children in the shade.

The Open Championship at Pfi last month was an amazing success, with the 'Shotgun Quali' throwing up a few surprises in all classes. The racing, including the infamous reverse grid heat certainly tested the patience and skill of everyone.

As the time of day for the Finals came around the weather turned bringing in showers, this made tyre choice strategies a bit of a lottery. Some hit the sweet spot on the right tyre and pressure, and some were unlucky.

Huge Congratulations to our Open Champions:

Pre2000	Alister Topliss
Pre2000 Heavy:	Dayle Matthews
Pre95:	Paul Warrener
Pre89:	Holly Crankshaw
Aqua:	Leon Dolby
Aqua Heavy:	Thomas Massarella
Aqua Ultra:	Alistair Massarella

Safe racing this weekend, we wish you all the very best of luck

Tim, Jay and Chris

Your F100 Team

FOREWORD

GLAN - Y - GORS (GYG)

GYG is an awesome, large, technical track in North Wales – and well worth the journey. It's Wales's mini Nürburgring, the fast, sweeping turns and uphill/downhill nature combine to give the driver plenty to consider and perfect. It's a track where the stopwatch rewards commitment.

- Marshal Posts
- 1 Main Entrance
- 2 Dummy Grid
- 3 Parc Fermé
- 4 Pit Entrance
- 5 Race Control
- 6 Café/Toilets
- 7 Camp Site
- 8 Paddock

Overall track length
1100m

TRACK DETAILS

GLAN - Y - GORS (GYG)

FUEL SPECIFICATION

Fuel must comply with the FIA unleaded fuels legislations - FIA Appendix J / Article 252. All unleaded roadside retail pump fuels normally comply with Article 252

Please use any unleaded roadside retail pump fuel. Fuel tests will be carried out for fuel doping at the circuit and we reserved the right to seal fuel samples for additional testing off site.

We strongly recommend that you use Esso Supreme Unleaded from any South of England retail fuel station as this product is

most likely to contain the least amount of Ethanol according to Esso UK's website.

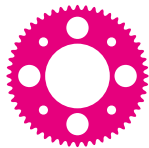

Fuel Washing to remove Ethanol is acceptable but should only be performed if you are extremely risk averse in the process and ensure proper control measures are deployed to avoid the risk of fire.

If in doubt, ask F100.
