# WELCOME TO ROUND ONE OF THE MOTORSPORT UK F100 BRITISH TOUR AT LITTLE RISSINGTON.

Little Rissington is synonymous with the best period in Karting throughout the UK and the world. The 90's provided by far the best choice of equipment by a huge range of manufacturers.

It will be an honour for these karts to once again take to the track at this historic venue, some drivers haven't been here for over 30 years, so it will be fantastic to hear these 20,000rpm motors scream around the track once again and we're sure it will certainly be an occasion to remember!

Ladies and Gentleman, start your engines for Rd1 of the F100 British Tour, please remember to race hard but with respect!

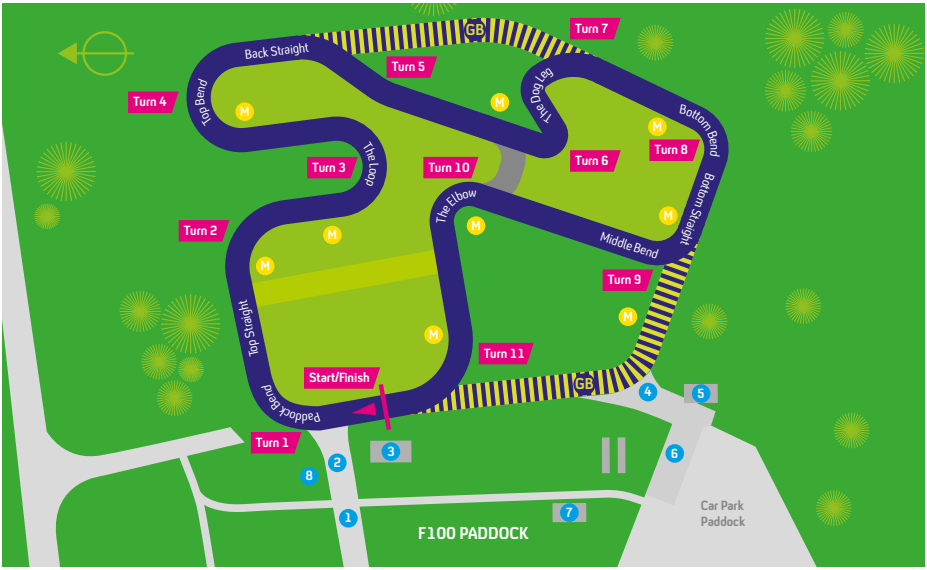

Your F100 Team

Tim, Jay & Chris

## FUEL SPECIFICATION

Fuel must comply with the FIA unleaded fuels legislations - FIA Appendix J / Article 252. All unleaded roadside retail pump fuels normally comply with Article 252

Please use any unleaded roadside retail pump fuel. Fuel tests will be carried out for fuel doping at the circuit and we reserve the right to seal fuel samples for additional testing off site.

We strongly recommend that you use Esso Supreme Unleaded from any South of England retail fuel station as this product is most likely to contain the least amount of Ethanol according to Esso UK's website.

Fuel Washing to remove Ethanol is acceptable but should only be performed if you are extremely risk adversed in the process and ensure proper control measures are deployed to avoid the risk of fire.

If in doubt, ask F100.
